PRECAUTIONS AND LIMITATIONS - Colours shown on this chart are to be used as a guide only. Colours illustrated are reproduced as closely as modern printing techniques allow. Brochures and display pavements are intended as an indication only. As the ingredients within this product are derived from natural sources, colours may vary from batch to batch. Variations in colour and shading may also occur depending on the job conditions, chosen texture and finishing practices employed by your concrete contractor.

Ⓜ Indicates Release Agent Colours (Secondary Colour)

Colour is one of the most important factors to consider when choosing your decorative concrete.

Contemporary Colour range for Stencilcrete, Stampcrete and Cova-crete.

Consider your home's natural environment, whether it be bush, urban, or beach. Colour schemes should generally blend in with the natural surrounds such as: green/greys - bushland; sands/whites beach/seaside. Consider also your existing substrates. Look at the colours of your bricks, roofing, guttering, windows, fencing, garage doors, pools, tiling.
