## ADAMAS QUICK RELEASE SYSTEM

3

### ADAMAS QUICK RELEASE

Designed for quick connection and disconnection of drill bits from the drill motor. Excellent for apartment drilling etc as large amounts of time can be saved. Also very useful for heavy large diameter drill bits which can be hard to attach to the drill and are awkward to move around the job site. Available with 1 1/4" fittings and R1/2 for smaller drills. Enquire now for a starter kit price.
