## Quick Release Diamond System

Quick release diamond system for rapid change over of diamonds from grinding machines. No bolts required to swap diamonds.

Suitable for the following machines:

- CUB single phase 10" grinder either four or five shoe configuration.
- 10" 250mm Petrol or Three Phase Cretemowers, Corecut, Edco etc.
- 12" 300mm Petrol or Three phase Corecut, Floorpro, Contec etc
- 10" 250mm Dual overlapping plates for THG505.

Benefits:

- Fast change over of diamonds.
- Cheaper to use on going than most ready made plates
- Allows more combinations of diamonds to be used.

Shoes are reusable for re-tipping and mounting plates are balanced for even wear of diamonds.

Call for prices to change your grinder to this simple system.

Shoes priced from \$43+ complete

## BARRACUDA™

### Concrete Floor Grinding Tools – Metal Bond

Patented high efficient milling and leveling tools for professional concrete floor preparation. They can be mounted on most grinding machines in the market.

**RAPID  
REMOVAL**

#### **Barracuda Max (-L or -R) gold**

Quick removal of adhesive and coatings.  
Flattening of bumpy concrete surface.  
Removal of asphalt and bituminous toppings.

\$265.00+gst each

#### **Barracuda Light (-L or -R) gold**

Same application as Max.  
Quick removal of extremely hard coatings.  
Perfect for light machines.

\$265.00+gst each

CONCRETE GRINDING

Price includes drilling and tapping threads to suit your machine.
